PRODUCT LIST

STAINLESS STEEL CNC MACHINED PARTS TURNED COMPONENTS

Brass Nuts

Brass Anchors

Brass Screws

Brass Fasteners

Brass Inserts

Brass Copper Washers

Brass Machined Parts

Pressed Parts

CNC Machined Parts

Stainless Steel CNC Machined Parts Turned Components :

We create metal turned parts with virtually any material including aluminum, brass, cast iron, phenolics, plastics, steel, and stainless steel at our precision CNC turning centers to convert it into a quality finished part.

Precision CNC Turning Centers

- Have all the productivity features and capabilities Avanti Engineering customers depend on job after job
- Perform multi-axis, multi-task machining operations including cnc turning and milling, drilling, and tapping in a single setup
- Handle bar stock from .125 to 2" diameter
- Feature automatic bar feed with chucking capacities up to 12" diameter

Maximum Value, Affordable Quality : We supplies precision finished parts to automotive, medical, aerospace, hydraulics, fluid power, plumbing, electronics, marine and other industries. Our CNC turned precision parts are characterized by their quick setup, high accuracy, repeatable uniformity and fine surface finishes.

Mechanical Components Include :

- Contacts
- Connector parts
- Microwave & RF
- Screw Machine Parts
- Wire Forms
- Fasteners
- Extrusions
- Castings
- Inserts
- Nuts
- Couplings
- Aluminum Cabinets
- Shops
- Garages
- Trailers
- Displays
- Racks
- Cold Heading
- Baskets
- Fan Guards

- Rings

Manufacturing Services Include :

- Precision Machining
- B&S Screw Machines
- CNC to 80" diameter
- CNC milling from 40" wide to 80" long
- Swiss Machining
- Davenport Multi-Spindle

Markets Served :

- Communications
- Robotics
- Electronics
- Aerospace
- Commercial

- Escomatic Swiss
 - Conomatic Multi-Spindle
 - Four Slide Bending
 - Metal Stamping
 - CNC Machining
 - Wire Bonding
 - Sheet Metal Fabrication
 - Wire Forming
 - Injection & Composite Molding
 - Roll Forming
 - Electromechanical Assembly
- Medical
 - OEM
 - Military
 - Instrument
 - Telecommunications
 - Fiber Optics
 - Communications
 - Computer
 - Lighting
 - Semiconductor
 - Vacuum

Precision Machining and Assembly Fabrication

Services	Markets Served
CNC Turning and Milling	Communications
Assembly and Storage	Robotics
Electromechanical Assembly	Electronics

Supplier of designed products, medical instruments, and machined parts and assemblies. Design and build capability, 911 quick turn service.

Services	Markets Served
Prototype	Aerospace
Tools, Dies, Welding Fixtures	Commercial
Electromechanical Assembly	Medical

High quality custom components and assemblies.

Contract Manufacturing Services	
Metal Stamping Services	Other Manufacturing Services
Metal Stamping	CNC Machining
Blanking	Tooling & Engineering
Metal Forming	Production Edge Grinding
Progressive Dies	Vibratory Finishing/Deburring
EDM Production Service	Wire EDM
Spot Welding & Tapping	Turnkey Manufacturing
Markets Served	Mechanical Design

OEM	Tool & Die
Contract Manufacturing	Prototype Development

Arlington Machine & Tool is a small woman-owned disadvantaged business that offers world class CNC manufacturing quality with ISO 9001 and AS 9100 certifications.

Products	Facilities
Hydraulic Torque Wrenches	Makino FMS Machines with 53 pallets
Hydraulic Wrench Pumps	
Hydraulic Tensioners	CNC Machining-Turn & Mill, Diameters up to 80"
Pneumatic Torque Wrenches	
Markets Served	CNC Wire EDM
Aerospace	CNC Water Jet
Military	Swiss CNC
Medical	CNC Mill 40" X 80"

Supplier of precision components to commercial and military contractors.

Services	Markets Served
Complex Secondary Operations	Military - ISO 9001 & Mil45208A
CNC Machining - Mill & Turn	Medical
Small Assemblies	Instrument
B & S to 2 3/8"	OEM

Precision manufacturing of custom machine parts.

Products	Services
Inserts	Electronic Inspection
• Ultrasonic	Vertical Machining Center
• Push-in	Multi-Spindle to 1-1/4" diameters
• Stud	
• Custom-Designed	ISO 9002 & QS 9000
Nuts	
• Hex	Markets Served

• Round	Electronic
• Square	Automotive
Custom Fasteners	Medical
Live Tooling CNC Sub-Spindle Parts	Hardware

Supplier of CNC precision turned components including microwave and RF custom contacts & bodies.

Components	Services
Fasteners	Deco Swiss to .630" Diameter
Stand-offs	Futuristic-Servodrive Bechler to .780" Diameter
Shafts	
Washers	Citizen CNC Swiss to .472" Diameter
Timing Devices	
Switches	Markets Served
Terminals	Electronics
Inserts	Commercial
Couplings	Hardware
Flanges	Defense
Toggles	Aerospace
Bushings	Telecommunications
Contacts	Instruments
Bending	Fiber Optics

Gill Metal Fab is a complete precision sheet metal fabrication and manufacturing company that also provides engineering, programming, design and precision welding services.

Products	ModuLine Aluminum Cabinet Line
Prototypes	Aluminum Storage Cabinets
Production Runs	Drawer Unit Tool Cabinets, Countertops and Accessories
Personalized Design	
Precision Weldments	Garage Storage Cabinets
Enclosures/Cabinets	Trailer Cabinets

Custom Racks	Industrial Storage Cabinets
Structural Frames	Aluminum and Stainless Steel Countertops
Roller Tables	
Panels and Brackets	
Markets Served	
Electronics	Lighting
Communications	Semiconductor
Computer	Vacuum

Design and production of custom wireforms and stampings for a variety of applications. ISO 9001 certified.

Capabilities	
Complex Bending	CNC Bending
Resistance Welding	Assembly
Fourslide/Multi-slide	Heliarc Welding
Automated Welding	Stamping
Threading	
Markets Served	
Restaurant	Outdoor
Furniture	Appliance

Precision manufacturing of custom machine parts.

Capabilities	Services
Thread Cutting	CNC Milling & Turning
Thread Rolling	Conomatic Multi-Spindle to 5 1/2" Diameter
Tapping	
Roll Stamping and Marking	Single Spindle to 2" Diameter
CNC Turning and Milling	Band Saw Cutting
Markets Served	
Automotive	OEM
Aerospace	Instrument
Medical	Value Industry
